VILLA LE BARON (TUSCANY, ITALY)

Beauty, serenity, authenticity and hospitality are the key words to describe the castle hotel Villa le Barone south of Florence: an elegant and refined country house amidst the glorious hills of Tuscany, close to the famous Romanesque church of San Leolino in the town of Panzano in Chianti.
This gothic castle, with its idyllic chapel and extensive farm, lies in a charming hillside location. It has managed to preserve its beauty through the centuries, and today opens its doors to travelers who appreciate this extraordinary setting and the snug atmosphere amid walls that are steeped in history.
These romantic Hotel Schloss Rheinfels is located in St. Goar, where it stands high above the River Rhine. The exposed location with view of the Lorelei, as well as perfect integration with parts of historic Burg Rheinfels, make us one of the premier addresses in the “Middle Rhine Valley UNESCO World Heritage Region”.
